INDEPENDENCE.

A majority of the directors shall meet the New York Stock Exchange listing standards for independence, as such requirements are interpreted by the board in its business judgment. All of the members of the audit committee, compensation committee, the nominations and governance committee, and the public policy committee shall be independent.

QUALIFICATIONS.

The qualifications for Abbott's directors are set forth in the Outline for Directorship Qualifications, which is attached as Exhibit A.

CHANGE IN AFFILIATION.

Directors are expected to report to the chairman of the board and the chairman of the nominations and governance committee when they experience a significant change in their business or professional affiliation or responsibility and offer to resign from the board. The nominations and governance committee, in consultation with the chairman of the board, will determine whether the director continues to adequately meet the requirements for service on the board of directors and whether or not to accept the resignation.

LIMIT ON THE NUMBER OF OTHER DIRECTORSHIPS.

Directors are expected to devote sufficient time to fulfill their responsibilities as directors in accordance with the criteria set forth in the Outline for Directorship Qualifications. Accordingly, directors may serve on the board of directors of other public companies, but shall limit such service to a reasonable number of companies that would not conflict with their responsibilities as Abbott directors.

NEW DIRECTORSHIPS.

Directors are expected to inform the chairman of the board and the chairman of the nominations and governance committee of any public company directorships that they have been offered before accepting that directorship. In addition, no director shall serve on the board of directors of any Abbott competitor.

Abbott's directors are not subject to term limits because the board of directors has determined that the knowledge, expertise and continuity provided by those directors who have experience with Abbott and who continue to meet the qualifications set forth in the Outline for Directorship Qualifications are valuable to Abbott.

TENURE.

A non-management director may only continue to serve as a director until directors are elected at the annual shareholders' meeting immediately following the director's 75th birthday.

The board of directors shall also have an executive committee with the power to act on behalf of the board of directors, except for powers reserved to the full board of directors pursuant to Illinois law, Abbott's by-laws or any standing board resolution. The chairman of the board shall be the chairman of the executive committee. A majority of these members shall be independent.

OTHER COMMITTEES.

The board of directors may also establish such other committees as it deems appropriate and delegate to those committees any authority permitted by applicable law and Abbott's by-laws as the board of directors sees fit, other than the responsibilities delegated to the audit committee, nominations and governance committee, and compensation committee in their charters or reserved to the full board of directors.

V. Director Access to Management and Independent Advisors

VI. Director Compensation and Indemnification

ROLE OF THE COMPENSATION COMMITTEE.

Each year, in accordance with the terms of its charter, the compensation committee shall review the compensation paid to the members of the board of directors and give its recommendations to the board of directors regarding both the amount of director compensation that should be paid and the allocation of that compensation between equity-based awards and cash.

DIRECTOR COMPENSATION GUIDELINES.

The compensation committee shall establish director compensation guidelines and review them as appropriate. In recommending director compensation, the compensation committee shall take comparable director fees into account and review any arrangement that could be viewed as indirect director compensation, including substantial charitable contributions made to organizations with which a director is affiliated and any consulting contracts with, or other indirect compensation to, a director.

INDEMNIFICATION.

In accordance with the terms of its articles of incorporation, Abbott shall indemnify the members of the board of directors to the fullest extent permitted by law.

VII. Director Orientation and Continuing Education

DIRECTOR ORIENTATION.

Following their election, every newly elected member of the board of directors shall participate in an orientation program established by Abbott. This orientation program shall include presentations designed to familiarize directors with Abbott and its strategic plans, its significant financial, accounting and risk management issues, its Code of Business Conduct, compliance programs and other controls, its senior management, and its internal and independent auditors. The program shall also address procedures of the board of directors, directors' responsibilities, the board's Governance Guidelines and board committee charters.

The board of directors encourages its members to participate in continuing education programs sponsored by universities, stock exchanges or other organizations or consultants specializing in director education. Directors may attend continuing education programs at Abbott's expense.

EVALUATION OF CHIEF EXECUTIVE OFFICER AND OTHER MANAGEMENT.

The nominations and governance committee shall annually report to the board of directors on its evaluation of the chief executive officer's performance. The board of directors shall review this report, including discussing it outside the presence of the management directors, to satisfy itself that the chief executive officer is providing the long-term and short-term leadership that the board of directors deems necessary for Abbott. In addition, the nominations and governance committee, with the input of the chief executive officer, shall conduct an annual assessment of the performance and development of Abbott's other senior management.

The nominations and governance committee shall also identify potential successors for the chief executive officer position, although this does not mean that it must at all times have selected a particular individual as the designated successor chief executive officer. The chief executive officer shall participate in this process by providing the nominations and governance committee with recommendations or evaluations of potential successors and identifying any development plans that the chief executive officer recommends for such individuals. The chief executive officer is expected to recommend to the board of directors on an ongoing basis one or more successors in the event of an unexpected inability of the chief executive officer to continue to serve.

IX. Annual Performance Evaluation of the Board

SELF-EVALUATION BY THE BOARD OF DIRECTORS.

Each year, the board of directors will conduct a self-evaluation to determine whether it and its committees are functioning effectively. The nominations and governance committee shall be responsible for seeking comments from all directors and reporting its evaluation of board and committee performance to the board of directors on an annual basis. The full board of directors will discuss the evaluation report to determine what, if any, action should be undertaken to improve board and board committee performance.

STATEMENT OF PRINCIPLES.

These Governance Guidelines are a statement of principles and intent. The board of directors reserves the right, unless otherwise required by law or the rules of the New York Stock Exchange or the Securities and Exchange Commission, to make exceptions to these guidelines where it believes such action is warranted due to special circumstances and is in the best interest of Abbott.

EVALUATION OF THE GOVERNANCE GUIDELINES.

with the assistance of its nominations and governance committee, will periodically review these Governance Guidelines to determine whether any changes are appropriate.

Directors and officers are encouraged to make a substantial investment in Abbott stock. Accordingly, the board of directors has established minimum stock ownership guidelines.

STOCK OWNERSHIP FOR DIRECTORS.

Each director is required to own the minimum number of shares of Abbott stock having an aggregate fair market value equal to four times the annual director fees earned or paid in cash, excluding any Chairman, Lead Director, or committee member fees.

Each director is expected to attain his/her minimum stock ownership requirement within five years after the later of May 1, 2016 or the date they become a director. For this purpose, ownership includes stock owned directly by the director, or the spouse or the minor child of a director, restricted stock units awarded to a director under the Abbott Laboratories Incentive Stock Programs, common stock units held under the Abbott Laboratories Non-Employee Directors' Fee Plan, and stock beneficially owned by the director through trusts, dividend reinvestment plans, and similar arrangements.

STOCK OWNERSHIP AND RETENTION FOR OFFICERS.

Each officer is required to own a minimum number of shares of Abbott stock, expressed as a multiple of base salary as follows:

- Chairman and Chief Executive Officer – 6x base salary;
- Presidents and Chief Operating Officer – 4x base salary;

Each officer subject to Abbott's stock ownership guidelines is expected to make substantial progress toward meeting his/her target within three years of assuming the officer's current position. Any officer who has not achieved at least 50% of the stock ownership target after three years of assuming the current position will be required to hold 50% of any shares subsequently acquired under any of Abbott's Incentive Stock Programs (net of withholding tax) until that officer has met the stock ownership requirement; provided that the Compensation Committee, or its delegate, may grant an exception to the foregoing 50% holding requirement due to special circumstances.

Subject to the New York Stock Exchange listing standards for independence, a non-management director may own a significant financial interest in any firm or corporation which does or seeks to do business with Abbott, or which is a competitor of Abbott.
